Re: Sunnyside Cogeneration Permit Stipulation #16, ACT/007/035, Folder #2, Carbon County, Utah

Dear Mr. Williams:

Thank you for your letter of August 6, 1993, regarding the disposition of Sunnyside Cogeneration's permit stipulation #16.

I agree that consultation between DOGM and USFWS is necessary in order to meet the requirements of Stipulation #16. In an effort to bring Sunnyside Cogeneration into timely compliance with Utah's coal program, DOGM has formed a task group to achieve accelerated resolutions to all the outstanding stipulations. Randy Harden, Reclamation Specialist, is heading up the group and plans to have resolutions or strategies for resolution of all the outstanding stipulations, including #16, by October.

I have asked Mr. Harden to contact Ms. Linner to coordinate our efforts and would welcome the opportunity to discuss any concerns you may have regarding stipulation #16. Please contact me or Randy Harden at your convenience.

Very truly yours,

James W. Carter
Director
