RE: Sunnyside Cogeneration Associates (SCA) Permit No. ACT/007/035
Violation N93-32-5-2 No. 1 of 2 OLD COARSE REFUSE ROAD RECLAMATION
Project Number EC450593

Dear Joe:

This letter is written to request an extension for Violation No. N93-32-5-2 No. 1 of 2.

"Failure to place, in a controlled manner, and/or treat acid-forming material. Failure to place coal mine waste in an approved disposal facility. (The Old Coarse Refuse Road)."

SCA continues to progress with the construction activities carrying out the reclamation as submitted.

The previous Modification of the NOV (dated 7/7/94) extended the abatement period to September 15, 1994. The Division staff is well aware of the progress of this abatement effort. Coordination efforts throughout the past months have included several meetings, phone calls, and site visits.

SCA requests an extension to allow further progress to complete the intended reclamation work. SCA intends to have construction activities completed soon and to seed the area by the end of November 1994.

Sincerely,

David R Pearce
