Re: Conditional Approval to Begin Removal of Coarse Refuse - Interim
Reclamation of the Old Coarse Refuse Road, Sunnyside Refuse and Slurry,
Sunnyside Cogeneration Associates, ACT/007/035-94D, Folder #3, Carbon
County, Utah

Dear Mr. Pearce:

This letter is a conditional approval to begin removal of the coarse refuse from the Old Coarse Refuse Road. The submittal of June 29, 1994 included a stability analysis that demonstrated that the final reclaimed slope configuration has a factor of safety of 1.7. This letter does not approve the reclamation portions of the June 29, 1994 submittal. A separate letter will address those issues.

As a reminder, all sediment control and drainages should be constructed and functional **prior** to earthmoving activity. If you have any questions, please call me.

Sincerely,

A large, stylized handwritten signature in black ink, reading 'Pamela Grubaugh-Littig'.

Pamela Grubaugh-Littig
Permit Supervisor
