Re: Notice of Violation N93-13-2-1, Sunnyside Cogeneration Associates, ACT/007/035, Folder #5, Carbon County, Utah

Danny
Dear Mr. Mattingly:

The information received via facsimile from Sunnyside Cogeneration Associates ("SCA") on July 5 and delivered on July 10 has been reviewed by Division staff. The information, inasmuch as it is merely a proposal, does not meet the abatement requirements for Notice of Violation N93-13-2-1 as required by July 5, 1995. The Notice of Violation will be extended until 5:00 p.m. Monday, July 17, 1995. The basis for the extension is the administrative review time incurred by the Division. If SCA is unable to meet the abatement requirements by the referenced time, a Failure to Abate Cessation Order resulting in a mandatory \$750 per day civil penalty will go into effect.

If you have any questions, please call.

Sincerely,

Joseph C. Helfrich
Permit Supervisor
