Re: Ownership and Control Approval, Sunnyside Refuse and Slurry, Sunnyside Cogeneration Associates, ACT/007/035-95B, Folder #3, Carbon County, Utah

Dear Mr. Mattingly:

The legal and financial information submitted in its entirety has been input into the Applicant Violator System with a resultant "issue" recommendation (see attached) and is approved.

This permitting action is a permit amendment and not a permit transfer because of the change in ownership and control, not a transfer of the permit rights from one permittee to another.

Very truly yours,
