Re: Deficiencies in Response to Wildlife Concerns, Sunnyside Cogeneration Assoc.,
Sunnyside Refuse/Slurry, ACT/007/035-98A, File #3, Carbon County, Utah

Dear Mr. Sallas:

The Division received on September 7, 1998, a proposal from your office to revise the wildlife information in the Sunnyside Refuse and Slurry Mining and Reclamation Plan. The information submitted does not meet the regulatory requirements for wildlife information. Additional information is required. Please review the enclosed memo which discuss those items that will need to be supplied. You should respond to the deficiencies by filing a complete and accurate application for permit change by no later than November 19, 1998.

Thank you for your help in completing this permitting action. If you have any questions, please call.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock". The signature is written in a cursive style with a long, sweeping underline.
