RE: Sunnyside Cogeneration Associates  
Updated Drawings for Amendment ACT/007/035 – AM-00B

Dear Pam,

I have enclosed herewith the updated drawings corresponding to the amendment ACT/007/035 – AM 00B for the Sunnyside Cogeneration Associates. These drawings are updated to reflect the conditions showing the road re-alignment after construction. As you recall, this amendment was simply an adjustment of the road as shown on the submitted drawings without permit text revisions. As such, no resubmittal of "clean text" is applicable.

I have enclosed two copies of the full sized drawing set and one additional set on reduced 11x17 paper.

Please call me if you have any questions.

Sincerely,

PSOMAS

S. Scott Carlson, P.E.  
Project Director

Enclosure

cc: Rusty Netz
