Subject: Sunnyside Cogeneration Associates - AVS information

Attached please find the officer and director information for the entities that own Sunnyside Cogeneration Associates. As we discussed, you will check these names with the Applicant Violator System in connection with the reclamation permit that SCA has applied for relating to the Starpoint Mine Waste Coal Pile.

As of today, the parties have agreed on the language in the documents which are necessary for the bond. I plan on the documents being signed by SCA on Tuesday, October 14, 2003, when they have a board meeting. I will then have Wells Fargo execute the documents and deliver them to you.

Thank you for your cooperation in this regard. If you have any questions, please feel free to contact me.
