Subject: RE: Sunnyside dust control project

CC: Dana Dean; Karl Houskeeper; Wayne Western
Rusty - we did receive your letter of notification about this project. No amendment will be necessary at this time. However, if the project continues for more than 12 months (into early January 2009), an amendment to the MRP must be submitted.

Any questions, please let me know.

Pam

Through 2008, if it works like we are hoping it could go longer. At that point we could do an amendment if you feel it would be needed. Rusty Netz Sunnyside Cogen. (435)888-4476 ext. 107> Date: Tue, 8 Jan 2008 16:06:43 -0700> From: pamgrubaughlittig@utah.gov> To: rusnetz@hotmail.com> CC: KARLHOUSKEEPER@utah.gov> Subject: Re: Sunnyside dust control project> > That's fine. How long is temporary?> > >>> Rusty Netz <rusnetz@hotmail.com> 1/8/2008 2:25 PM >>>> > Pam, Attached is a copy of a letter I sent you pertaining to a project at Sunnyside. After talking with Karl, about the project, he thought SCA should send a letter informing the Division of our project. Karl, like SCA, does not believe an amendment is necessary for this particular project. Please read the attached letter and a hard copy has been mailed. Thank you. Rusty Netz Sunnyside Cogen.
