Sunnyside, Utah 84539

Subject: Determination of Completeness for Permit Renewal, Task ID #4140, Sunnyside Cogeneration Associates, Sunnyside Refuse, C/007/0035

Dear Mr. Carter:

The Division received your application for renewal of the Sunnyside Refuse permit on June 26, 2012. An initial review of the submitted information indicates that the application is administratively complete. The draft public notice was submitted and should be changed to show 241.25 acres in the permit (boundary adjustment in 2011). The Division will now provide notice to all appropriate agencies that an application is available for public review and comment.

Because of the strict time frames associated with public notice for a renewal application, you should immediately proceed with publication as required by R645-300-121. At the same time you should ensure that a copy of your current plan is filed with the county recorder. A copy of the Affidavit of Publication should be forwarded to the Division for insertion into the Mining and Reclamation Plan as soon as it is available.

Thank you and please call me at (801) 538-5325 if you have any questions.

Sincerely,

Daron R. Haddock  
Coal Program Manager
