Dear Mr. Hurst:

Re: Approval of Coal Exploration Project, Cypress Western Coal Company, Blackhawk Site, EXP/007/038, Folder #3, Carbon County, Utah

Your proposed exploration project at the old Blackhawk site has been reviewed and found to be complete and adequate by Stephen Demczak, Reclamation Specialist, of the Division's Price Field Office technical staff.

The Division hereby approves the above referenced project as far as it taking place on fee property and recommends that portions of the project taking place on federal property also be approved. However, any project or work taking place on federally owned property will require specific approvals from the land management agency, which in this case I believe is the Bureau of Land Management (BLM). You should contact them directly for this approval.

Thank you for your cooperation in resolving this matter. If you have any questions please call me or Stephen Demczak.

Sincerely,
