Dear Mr. Demczak,

**RE: BLACKHAWK EXPLORATION PERMIT EXP/007/038 MODIFICATION AND
INSERTION INTO ORIGINAL DOCUMENT**

Enclosed is the information requested by Daron in his letter of October 25, 1994. Specifically, the modification has been added to Map 2 of the original document, the engineer's certification is on map 3, and this modification as well as the previous modification for the tunnel opening project are formatted for insertion into the original document as follows:

1. There is a complete copy of both modifications included for insertion as Attachment 9 to the original document. Please use the enclosed divider page in the original document (insert the divider page with the amendments placed behind in the original document).
2. There is a chronology sheet to be inserted at the beginning of the original document to explain the amendments.

I am sending a copy of this letter to Daron for insertion into the copy at the Division's Salt Lake City office. This submittal fulfills the requirement of Daron in his letter of October 25, 1994 and constitutes approval of the modification.

If you need anything further please let me know.

Respectfully,

A handwritten signature in black ink, appearing to read 'Ben Grimes'.
