Mr. Steve Demzack
Division of Oil, Gas and Mining
451 East 400 North
Price, Utah 84501

Dear Steve:

ACT/005/038 #2

Ben Grimes of Cyprus Plateau Mining met with personnel of our staff to discuss their proposed temporary crossing of Willow Creek to access exploratory tunnels. As long as they use the methods described to us; ie. low water crossing on rocks, with all rocks added to be removed upon completion, we have no concerns with the project. However, we would like to be advised if the flows suddenly increase, or other complications arise.

Thank you for considering our input. If you need further information, please contact Bill Bates, Regional Habitat Manager.

Sincerely,

Miles Moretti
Regional Supervisor
