4a. OTHER SEDIMENT CONTROL MEASURES -

Silt fences were re-installed at the crossing at Willow Creek on November 28, 1994, in which NOV 94-39-6-1 was terminated. The operator added sediment control measures at that time throughout the property.

13. REVEGETATION -

Cyprus has reclaimed the drill hole site and the trail (road) to this site. A good examination could not be performed due to the snow cover. Spring will most likely be the time for inspection of the reclamation of this area.

**Note:** This inspection report does not constitute an affidavit of compliance with the regulatory program of the Division of Oil, Gas, and Mining.
