Re: Cyprus Plateau Mining Company - Willow Creek Mine Permit Application, Permit Completeness Submittal Number 2

Dear Mr. Haddock:

As noted in the permit completeness response letter dated 6/7/95, several of the items required to address the issues identified in your permit completeness comment letter of 6/6/95 were in process but not completed at the time the completeness response letter was submitted. We are pleased with this submittal to be able to provide the remaining outstanding items required to address all completeness concerns identified to date. Accompanying this transmittal letter are two sets of the following revised or additional permit materials, please note the instructions for replacement of these materials in the UDOGM permit sets:

Description

Placement Instructions

Revised Table of Contents

Replace in Volumes 1, 2 and 3 of both UDOGM Permit sets (discard old Table of Contents)

Revised Page 3.6-25

Replace in Volume 2, Section 3.6 of both UDOGM Permit sets (discard old page 3.6-25)

Revised Pages 4.3-6, 4.7-11, 4.7-16

Replace in Volume 3, Sections 4.3 and 4.7 of both UDOGM Permit sets (discard old pages 4.3-6, 4.7-11, and 4.7-16)

Revised Table of Contents - Exhibit 8

Replace in Volume 9, Exhibit 8 of both UDOGM Permit sets (discard old Table of Contents)

New Volume 15

Add Volume 15 (Confidential Permit Information) to both UDOGM Permit sets

Certified Permit Maps

Replace maps in designated volumes of both UDOGM Permit sets; Maps 15, 16, 18, 21 and 22 - Volume 6; Maps 23A through 23F, 24, 25, 26, 27, 28 and 29 - Volume 7 (please save and return all old permit maps)

Mr. Daron R. Haddock

We hope that the accompanying materials address the outstanding permit completeness concerns. Please feel free to contact me with any questions relative to this submittal or any other permit information. Your continued cooperation and timely review are appreciated.

Sincerely,

TerraMatrix for Cyprus Plateau Mining Company
