RE: Draft Review, New Application, Willow Creek Mine, Cyprus Plateau Mining Corp.,
ACT/007/038, Working File, County, Utah
#2

The new mine application for the Willow Creek Mine, submitted by Cyprus Plateau Mining, is lacking information on the Operational Hydrology and the Probable Hydrologic Consequences (PHC). These sections are vital to the application and the permit application is not administratively complete without them. It is recommended that the Division notify Cyprus Plateau of the incompleteness.
