Re: Compliance Inspection:  
Stream Channel Alteration Permit No. 95-91-07SA  
Harden a Crossing on Willow Creek - Skinny Canyon

Dear Mr. Mercier:

On December 6, 1995, I made a Compliance Inspection for Stream Channel Alteration Permit No. 95-91-07SA.

The inspection verified compliance with Section 404 of the Clean Water Act, Section 73-3-29 of the Utah Code for Stream Channel Alterations, and the specific conditions of the approved permit. Therefore, no additional work under this permit is required.

If you have any questions please feel free to contact me at (801) 637-1303, or Greg Mladenka at (801) 538-7375.

Sincerely,

Mark P. Page  
Regional Engineer
