RE: Exploration Permit Termination, Blackhawk Site Exploration, Cyprus Plateau Mining Company, EXP/007/038, Folder #3, Carbon County, Utah

The Blackhawk Exploration Permit EXP/007/038 is hereby cancelled as of May 17, 1996. The exploration site had its last inspection under the exploration permit as of May 14, 1996.

All areas have been reclaimed as required in the Blackhawk Exploration Permit, except the areas at and around the rock tunnels. These areas are less than one acre and are now included in the approved Willow Creek Permit ACT/007/038. They will be reclaimed and inspected under the requirements of the new permit ACT/007/038 and the R645 regulations. The rock tunnel areas will be used in the transportation of coal for the active mine.
