Re: Willow Creek Permit Special Condition #3, Willow Creek Mine, Cyprus Plateau Mining Corporation, ACT/007/038, Folder #3, Carbon County, Utah

Dear Mr. Grimes:

Special Condition No. 3 for the Willow Creek permit required the Order - 1 soil data to be incorporated into the MRP within 14 days of receiving laboratory data. Pursuant to your request for an extension, an additional 20 days is granted to complete this evaluation and include this information into the MRP.

Please submit five copies of this data for incorporation into the MRP. Due to the fact that the topsoil salvage project is complete at this time, submittal of this data will fulfill the requirements of this condition.

If you have questions, please call me.

Sincerely,
