RE: REDESIGN of Thickener Pond, Preparation Plant, Cyprus Plateau Mining Corporation, Willow Creek Mine, ACT/007/038-97J, Folder #2, Carbon County, Utah

As we discussed this morning on the phone, the aforementioned submittal was received in the Price Field Office on October 6, 1997.

It has been assigned number **ACT/007/038-97J**. Copies of the C1 and C2 forms and the permit tracking form have been included.

Please discuss with Daron or assign someone to review this; Ms. Sharon Falvey is the assigned hydrologist for the Willow Creek site. Four copies are enclosed; I have retained one.

As usual, Mr. Grimes indicated via voice mail that they would like to have approval for this yesterday. They will be meeting with contractors on October 13, 1997.

I will be working up my thoughts on 97J. Thanks.
