Dear Ms. Grubaugh-Littig:

Cyprus Plateau Mining Corporation proposes to conduct a coal exploration drilling program on Willow Creek coal lands in Carbon County Utah. Up to 33 exploration/vent holes would be drilled on 17 drill sites. Seven of the sites have been approved in exploration plans in past years. Multiple completions are proposed on several of the sites. The holes would be located on Federal coal leases UTU-73975, and UTU-0146345. Please review the two exploration plans covering this coal exploration program (one copy of each enclosed), and provide any recommended conditions of approval to this office.

If you have any questions regarding this matter, contact Don Stephens at the Price Field Office (636-3608).

Sincerely,

  
For Richard L. Manus  
Field Manager
