**RE: Extension for Submittal of Barn Canyon Clean Copies, Plateau Mining Corporation,
Willow Creek Mine, ACT/007/038-98B, File #2, Carbon County, Utah**

Dear Ms. Littig:

Plateau Mining Corporation (PMC) is herewith requesting an extension to the aforementioned as described in the Division's September 2, 1999 letter. The extension is needed so that PMC's consultant can have the time necessary to review the Division's copy of the MRP to ensure that it and PMC's MRP are consistent, thereby ensuring that proper pagination of the clean copies can be directly inserted into the MRPs.

PMC requested its consultant to begin working on this submittal immediately after receiving the Division's letter, but due to the consultant's workload and their under estimation of the work required to comply with the Division's request, PMC regretfully is in need of a two week extension until October 8, 1999. PMC will do everything, within its power, to have this submitted on time, if not earlier.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Johnny Pappas
Sr. Environmental Engineer
