Dear Mr. Pappas:

The Division has completed our review of the above-referenced amendment to the Willow Creek Mining and Reclamation Plan. The amendment is hereby approved conditioned upon the following:

Five copies of the amendment must be submitted to the Division, in a format that:

- 1) removes the redline strike-out,
- 2) can be directly inserted into the existing plan,
- 3) includes the missing text from page 3.7-96,
- 4) corrects any pages which do not coalesce with the existing plan, and
- 5) the Permittee must edit Table 4-2.1A for clarity prior to construction.

We have enclosed a copy of the technical analysis for your information and files and to aid you in addressing the above conditions. Please provide the required copies by no later than September 24, 1999. If you have any questions please call.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
