**RE: Extension Request for Willow Creek As-Builts, ACT/007/038-98G, and Reclaim Feeder, ACT/007/038-AM99G, Plateau Mining Corporation, Willow Creek Mine, Carbon County, Utah**

Dear Ms. Littig:

Plateau Mining Corporation (PMC) is requesting an extension to the aforementioned until February 29, 2000. The extension is being sought due to impending personnel matters at PMC and the need to minimize outside consultant costs for the month of January. The Willow Creek Mine is in a position where it must do everything possible to minimize its costs during the first quarter of 2000.

By extending the submittals until February 29, PMC will be able to generate the majority of the requisite portions of the as-builts, which will include the reclaim feeder, internally with minimal outside assistance and cost.

PMC would greatly appreciate an extension and is willing to discuss the current status of the mine with the Division. If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Johnny Pappas', written in a cursive style.

Johnny Pappas
