**RE: Revision to Permit to address the Stream Channel Relocation Deficiencies, Plateau Mining Corporation, Willow Creek Mine, ACT/007/038-AM99H**

Dear Mr. Haddock:

Plateau Mining Corporation (PMC) is herewith submitting five copies of revisions to the As-Built Drawings and Construction Chronology Report for the Willow Creek Stream Relocation. Due to potential pagination errors the approved text changes in Sections 4.3, 4.5, 4.7, 5.3 pertaining to the stream channel relocation have been included in the As-Built submittal (ACT/007/038-98G, AM99G and AM99H) being made today.

The outstanding deficiencies identified in the January 25, 2000 letter have been corrected and included in the attached Exhibit 14. Once this exhibit has been reviewed and found complete it can be incorporated as a clean copy. Exhibit 14 contains no redline or strike out materials.

The Division's timely review and approval of this amendment is greatly appreciated.

If you have any questions, please contact myself or Johnny Pappas.

Sincerely yours,

Vicky S. Miller  
Environmental Specialist
