RE: Deficiency in Sedimentation Pond 001 As-Builts, Plateau Mining Corporation,
Willow Creek Mine. [REDACTED] M00A1

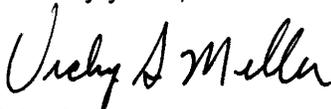

Dear Mr. Haddock:

Plateau Mining Corporation (PMC) is currently working on revisions to the reclamation plan. However, the plan will not be ready for review by the Division until December 2000. We therefore request an extension until December 15, 2000 for the submittal of the information pertaining to the reclamation of the Pond 001A area.

When PMC incorporated the as-builts into the approved plan there was a commitment made that we would redo the reclamation plan. We are attempting to complete the reclamation plan for the Willow Creek upper mine area instead of merely addressing the reclamation of the Pond 001A area. We would therefore appreciate your cooperation in extending the date for addressing the deficiencies to December 15, 2000.

If you have any questions, please contact myself or Johnny Pappas.

Sincerely yours,
