Re: Extension Granted for Response to Deficiencies in Sed Pond 001 As-Built, Plateau Mining Corporation, Willow Creek Mine, ACT/007/038-AM00A, ~~Outgoing File~~

Dear Mr. Pappas:

The Division received your written request to extend the date for addressing the deficiencies in Amendment 00A on October 4, 2000. You had asked to extend the response to December 15, 2000 so that the deficiencies could be addressed along with your upcoming redo of the Willow Creek reclamation Plan. After discussing the situation over the telephone with Vicky Miller we concluded that it would probably be better to complete the Sed Pond amendment prior to the submittal of other revised plans. This way we would avoid prolonging the correction of the deficiencies as a result of mixing up the two submittals. We agreed that an extension to October 31, 2000 would be adequate to address the remaining deficiencies in the Sed Pond Amendment 00A. You are hereby granted an extension to October 31, 2000 to submit the response to amendment 00A.

Please call if you have any questions.

Sincerely,
