RE: Extension to Address Deficiencies Associated With Water Monitoring Changes,
Plateau Mining Corporation, Willow Creek Mine, **C007/038-AM00L**

Dear Mr. Haddock:

Plateau Mining Corporation, Willow Creek Mine is requesting an extension of time to respond to the deficiencies associated with water monitoring changes to the mining permit. We have conversed with Mike Sufлита, the reviewer concerning the extension. Due to his current situation he was unable to discuss his review and subsequent list of deficiencies until a later date. Therefore, we are requesting that the date for the submittal of the response be extended to April 16, 2001 by which time we will have had an opportunity to have the discussion with Mr. Sufлита and address the deficiencies.

Should you have any questions concerning this request, please contact myself or Johnny Pappas. Thank you for your assistance in this matter.

Sincerely yours,

Vicky S. Miller
Environmental Specialist
