Outgoing File

Dear Mr. Pappas:

The above-referenced application was received in our Salt Lake Office on January 9, 2001. It has been determined to be a significant revision to the permit because of the change in post-mining land use. The Division is currently conducting an administrative review of the application to ensure that it contains information addressing each requirement of the State Program. When the submittal has been determined to be administratively complete, Plateau Mining Corporation will need to place an advertisement of the change to the permit in a newspaper with local circulation as required by R645-300-121. We anticipate completing our administrative review by February 9, 2001.

Priscilla Burton has been assigned to this project as the team lead. If you have any questions, please call me at (801) 538-5325 or Priscilla at (801) 538-5288.

Sincerely,
