Re: UPDES Report, February 2003 - Permit No. UTG040012

Dear Mr. Herkimer:

Discharge Monitoring Reports are enclosed. Outfall 020 has been removed as part of the reclamation activities being performed at the Adit No.1 Mine.

With the renewal of UPDES permit UTG040012, Plateau Mining Corporation (PMC) would like to have outfall 020 deleted from the permit. However, until this outfall is deleted from the permit, either by letter or permit renewal, PMC will continue to submit a discharge monitoring report on a monthly basis.

If you have any questions, please do not hesitate to contact me at (435) 472-4741.

Sincerely,

Johnny Pappas
Sr. Environmental Engineer
