- Reprocessing

Report summary and status for pending enforcement actions, permit conditions, Division Orders, and amendments:

The purpose of this site visit was to conduct a partial inspection of the Willow Creek reclaimed site. There are no pending amendments. The permittee is preparing an application for phase one bond release for the reclaimed area. A phase three application is also being prepared for the properties that are being turned over to the Price River Water District. They will be used to expand the facilities at the existing plant.

Inspector's Signature

Joe Helfrich, Environmental Scientist III

1. Permits, Change, Transfer, Renewal, Sale

The permittee is preparing an application for phase one bond release for the reclaimed area. A phase three application is also being prepared for the properties that are being turned over to the Price River Water District. They will be used to expand the facilities at the existing plant. The phase three application will be submitted first to expedite the transfer of properties to the Price River Water District.

4.d Hydrologic Balance: Water Monitoring

First quarter 2005 sample data was uploaded into the data-base on 4/22/05.

18. Support Facilities, Utility Installations

The Crandall Canyon reclaimed area is accessible. There has been some minor settling around the shaft. There is a fence around the shaft area that will require some minor straightening once the area dries out.
