Dennis,

I have uploaded the remaining information for Willow Creek from the pipeline into the permanent database. A full upload report for this mine is attached.

It seems like you have included all required samples and parameters for Willow Creek, Star Point, and Castle Gate for the first quarter of 2006. This will be verified by the assigned hydrologists, you may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.

Dennis,

I have uploaded all of the information for Castle Gate, Star Point, and Willow Creek from the pipeline into the database. Reports are attached.

As a reminder, according to parameters set by the assigned hydrologist, you are still missing samples for B-25 and B-26 at Willow Creek.

Please let me know if you have any questions.

Thank you,

Dana,

The first Qtr water data was input into the system some time ago but I don't think I sent you an email at that time. Could you please run the reports for Willow Creek, Star Point and Castle Gate.

Thanks,

Dennis
