This change in ownership information was provided and approved as an update to the Willow Creek MRP in November 2009 (Task 3402).

The attached document describes the acquisition of Foundation Coal by Alpha Natural Resources Inc. in July 2009. The new organizational chart is on page 16 of the attached document. OSM-AVS office has made the changes in the database. Since the 2009 annual reports for Star Point and Castle Gate do not provide this update, I have sent this email to the OGMCOAL file to document the source of the information.
