Dear Mr. Haddock,

Subject: Phase I Bond Release Inspection for Reclaimed Areas of the Willow Creek Mine, Crandall Canyon. Phase III Bond Release Inspection for the Star Point Mine

Phase I Bond Release Inspection took place on June 8, 2010; Plateau Mining Corporation has completed Phase I of the approved reclamation plan for the areas of Crandall Canyon area other than the disturbed area around the shaft area that subsided in the winter of 2008. The BLM concurs with the reclamation that has taken place.

Phase III Bond Release Inspection took place on June 8, 2010 on 40 acres of the reclaimed surface facilities to change the post mining land use from wildlife habitat, grazing and recreational use to industrial for oil and gas. The BLM concur with the reclamation and the post mining land use change.

If you have any questions concerning this matter, please contact Sue Wiler at (435)636-3651.

Sincerely

Steve Rigby
