RE: Dugout Canyon Mine

In Reply Please Refer to Case No. 96-0301

Dear Mr. Haddock:

ACT/007/039 #2
Foray Daron

The Utah State Historic Preservation Office received the above referenced report on October 8, 1998. After consideration of the project and material contained in 411.140 of the Mining Reclamation Plan, the Utah Preservation Office had concurred with the statements and still does. What is the present status of the mine, do we have development plans to review to determine how eligible sites may be effected by the project?
