RE: Submittals for Skyline Mine (1), Dugout Canyon (2), and Soldier Canyon Mine (1) Delivered to the Division August 21, 1998

Dear Pam:

Of course it figures that the one time that I do not ask for a copy of the cover letters with the "received" date stamp is the one time we have trouble. Friday, August 21, 1998, at approximately 4:00 pm, I delivered four packages to the front desk. Each package had a cover letter and completed C-1 and C-2 forms. The four submittals are listed below:

**Dugout Canyon**

One submittal for the expanded topsoil storage area at the Soldier Canyon Mine,  
 One submittal for storage of waste rock at the Savage Coal Terminal,

**Skyline Mine**

One submittal for a revision to the M&RP text concerning correcting a repeated sentence present on two sequential pages and a revision to an earlier submittal regarding the expansion of the gob site, and

**Soldier Canyon**

One submittal for modifying the M&RP to include the expanded topsoil pile for the Dugout soils.

Perhaps part of the confusion was who the submittals were addressed to. I am including with this letter copies of the C-1 and C-2 forms for the Dugout Canyon temporary waste rock pile and the skyline gob pile submittals as well as the cover letters that were attached to each of the four submittals. Unfortunately, I am unable to locate copies of the C-1 forms for the Soldier Canyon Appendix 2-F and Dugout Canyon Phase I topsoil expansion submittals but am including copies of the C-2 forms for these submittals. If you need copies of the C-1 forms for these two submittals, I can get them from Ken Payne and Dave Spillman. If you have any other questions please call me. I apologize for the confusion.

Sincerely,

Chris D. Hansen  
 Environmental Coordinator
