RE: "Cultural Resource Evaluation of Exploratory Drilling Locations in the Dugout Creek Canyon Locality of Carbon County, Utah" U-98-AF-0367b

In Reply Please Refer to Case No. 98-0913

Dear Mr. Helerich:

The Utah State Historic Preservation Office received the above referenced report on July 20, 1998. Our office had not received a request, but our office has reviewed the cultural resource report at the request of the client. The report states that no cultural resources were located in the project area. We, therefore, concur with the report's recommendation that No Historic Properties will be impacted by the project.

This information is provided on request to assist DOGM with its state law responsibilities as specified in U.A.C. 9-8-404. If you have questions, please contact me at (801) 533-3555. My email address is: jdykman@state.ut.us
