RE: Permit revision that includes modified permit text and appendices for a new temporary waste rock storage area, Dugout Canyon Mine M&RP, ACT/007/039

Dear Daron:

Please find attached to this letter a copy of modified M&RP text and new appendices that address the location and design of a new temporary waste rock storage area for the Dugout Mine. The appendices include a total containment berm design for the storage area and runoff control structures. The modified M&RP text has strike-through markings while added text is shown as italicized. When the submitted text has been reviewed and approved, the strike-through and italics will be removed and the pages reformatted with correct pagination.

As requested, we are faxing this copy to you with original copies to follow in the mail. We appreciate your help with this matter and effort you have made to work through the situation. If you have any questions regarding this submittal, please call me at (435) 448-2669.

Sincerely,
