DATE: 20 May, 1998 REVIEWER(S): James D. SMITH APPLICANT: CANYON FUEL COMPANY
NAME: Dugout Canyon Mine - Phase II FILE NO. ACT/007/039 #2

"Administratively Complete Application" means an application for permit approval or approval for coal exploration, where required, which the Division determines to contain information addressing each application requirement of the State Program and to contain all information necessary to initiate processing and public review.

Directions: The categories listed below correspond to the minimum requirements for information necessary to initiate processing and public review. If a category is checked the Applicant has met the Completeness requirement for that category. If a category is not checked, the Completeness requirements have not been met. The comments column will identify the deficiency and what is necessary to correct it.
