RE: Second Submittal for Modifying the Dugout Canyon Mine Mining and Reclamation Plan to include the Road Swale and a Culvert in the Truck Loop. *Copy Joe*

Dear Joe:

Please find enclosed five copies of a page from the Dugout M&RP which includes the revised Table 7-9, five copies of the same table with redline and strike out notation, five copies of Appendix 7-9, Attachment A "Swale Design", five copies of Appendix 7-9, Attachment A "Truck Loop Drainage", and the appropriate C1 and C2 forms. Please note the cover sheet for these attachments has not been included. No changes have been made to the calculations contained in either attachment, therefore, there is no need to recertify the calculations. The only changes to the attachments was to clarify the pagination. Please use the original attachment cover sheets with Mr. David Spillman's certification that were sent with the original submittal.

This submittal is being made in response to comments we received from Mr. Mike Sufliata of the Division regarding our original submittal a few weeks ago. Discussions were held between Mr. Gary Taylor and Mr. Sufliata regarding the deficiencies of our original submittal and the suggested responses to those deficiencies. Your prompt attention to this submittal is greatly appreciated since we are currently attempting to complete the construction activities at the site.

Sincerely,

*CHA*

Chris D. Hansen
