Subject: Water Data Dugout Canyon

Dear Pam:

We have completed uploading the Dugout Canyon Mine Fourth Quarter 2000 Water Monitoring Data to the Division's EDI site. Hard copies of the field and laboratory data were sent to your office attached to a letter dated February 11, 2001 written by Dave Spillman and addressed to Daron Haddock. Please note that due to early snows in October of 2000, access was significantly limited to only but a few monitoring sites. If you have any questions, please give me a call.
