Re: Leach Field Addendum (A-1) to the Dugout Canyon Mine M&RP, Carbon County, Utah,  
 ACT/007/039.

To Whom It May Concern:

Please find enclosed with this letter three copies of a permit addendum application to the Dugout Canyon Mine Mining and Reclamation Plan. The permit addendum consists of a general Table of Contents for the Dugout Canyon Permit, three redline/strikeout and clear copies of pages 1-28 and 1-29, and the Leach Field Addendum. The application is for the construction and operation of a leach field for gray water disposal from Dugout Canyon Mine. The field is designed for 175 employees using 35 gallons per day per employee. The design calculations, specifications and approval letter for construction from the Division of Environmental Quality are included in this submittal. The leach field will be located approximately 1.25 miles southeast from the mine location. The gray water will be conveyed to the leach field by a pipeline that will be buried in the county road drainage ditch. Once the pipeline is in-place, we intend to remove the pipeline corridor from the mines disturbed area.

The right-of-way agreement for the leach field is not included with submittal. The Bureau of Land Management, Price Field Office, is presently completing the agreement and will be forwarded to you once it has been signed.

If you have any questions regarding this submittal, please call Gary Taylor at (435)448-2620.

Sincerely,

*RW Olsen*

R. W. Olsen
