Re: First Quarter 2001 Water Monitoring Reports for the Canyon Fuel Company, LLC. Properties.

Dear Pam:

I am forwarding to you this letter as a follow-up to my June 28, 2001 e-mail regarding the submittal of the First Quarter 2001 Water Monitoring Reports for the Canyon Fuel Properties. The electronic data for SUFCO, Skyline, Soldier Creek, and Dugout Canyon Mines was forwarded to the Division through the EDI system. A few minor problems with the data concerning laboratory tracking numbers were corrected by Ken Wyatt of your office. To the best of my knowledge, the data have now been accepted by the Division. If you have any questions regarding our first quarter data, please let me know.

Sincerely,

Chris D. Hansen
Environmental Coordinator
Canyon Fuel Company, LLC

xc Mike Davis, SUFCO
Dave Spillman, Dugout Canyon Mine
