RE: Seeding of Areas Adjacent to Refuse Pile Permit Area, Dugout Canyon Mine, C/007/039,
Canyon Fuel Company, LLC

Dear Ms. Ernstsens,

This letter is to inform you that Canyon Fuel Company, LLC plans to seed areas adjacent to the permit area for the Dugout Canyon Mine's Refuse Pile. Per our conversation you are aware that a portion of the area adjacent to the permitted area has been previously disturbed and would benefit from seeding, as would the wildlife in the area. A rough map is attached showing the approximate area to be seeded.

Should you have any questions, I can be contacted at (435) 636-2869.

Sincerely yours,

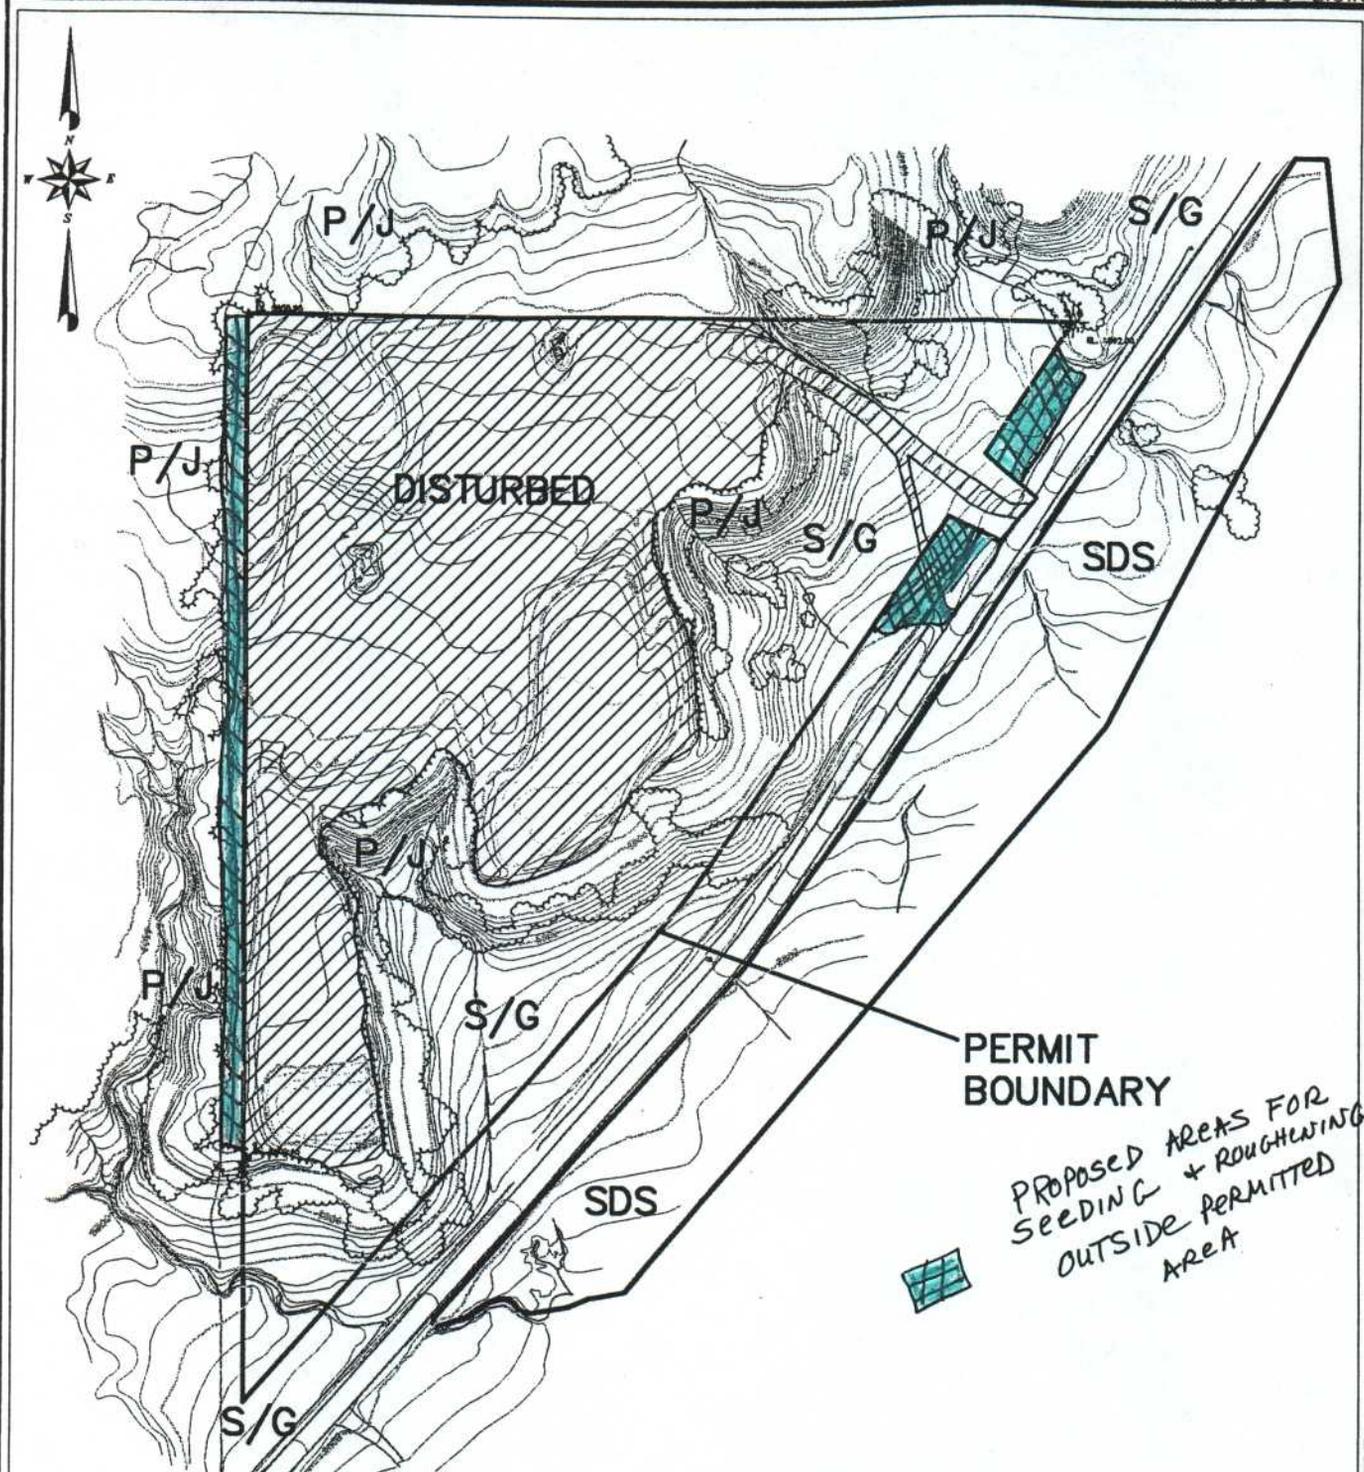

Vicky S. Miller
