RE: Withdrawal of Amendment for Methane Degassification Wells MW-06 and MW-08 C/007/039-03B, Canyon Fuel Company, LLC, Dugout Mine, C/007/039

Dear Ms. Grubaugh-Littig:

We request the return of the "Methane Degassification Amendment, Wells MW-06 and MW-08" to Dave Spillman at the address on this letterhead. Once again, prior to the wells being approved for drilling in the Gilson Seam we will be past the drill locations.

In late July we will submit permitting for wells in the Rock Canyon Seam. The field work for these wells will begin next week. Jerriann Ernstsens is scheduled to meet with me next week to select reference areas for these well sites.

We contemplate drilling at least one of these wells in October of 2003. We hope that by working together, this will be possible.

A copy of this letter is being sent to the Price Field Office.

Please contact Vicky Miller at (435) 636-2869 or Dave Spillman (435) 636-2872, if there are any questions concerning this request.

Sincerely yours,

Vicky S. Miller
