Hi, Vicky. I don't remember the agreement for once a year in September. I do know that the annual reports are due in March. I thought that you had spoken with Linda Keene and made sure that it was all up to date. Aren't you responsible for making sure that it's up to date?

I'm sorry about all of this confusion. Whenever the Dugout SITLA lease is approved, it will need to have all of the updated information.

Thanks. Pam

>>> "Miller, Vicky" <VMiller@archcoal.com> 02/19/04 04:33PM >>>

You and I had agreed previously that I would update the information once a year. This will allow Arch Coal and its corresponding subsidiaries to hold their 2004 board meetings and make any changes to officers and directors. The board meetings are usually held in the first and second quarters of the year. If I update the Dugout text information at this time, then everything else which has been submitted since September 2003 will be incorrect and we will run into the same issue which is that, not all permits have the same information in them. I intend to update AVS information in all permits on one date starting this year, but it won't be until the annual board meetings are completed.

The AVS information you will be getting for Dugout is identical to what was submitted for Banning and Soldier Canyon. I will be submitting Chapter 1 for Dugout tomorrow, it was already put together before I got this e-mail.

If you need to talk to me tomorrow, leave a message with Penny at the front desk. Vicky

Subject: AVS Information

Vickie - for the AVS information for the Dugout Mine that you will be submitting...please request a current listing for all of the companies from Linda Keene. You can figure out which ones need to be changed and revise accordingly.

As a reminder, the annual report updates due on March 31 includes all AVS updates. Thanks.
