Either OSM or UDOGM can request verification from the Secretary of the Corporation. Due to the fact that this is so confusing, verification would clearly verify who is who. Thanks.

Pam, it is my understanding that OSM requests and receives the verification from the Secretary of the Corporation, not UDOGM. I know that Linda has been requesting the verifications from Larry Emerson. Will you please verify this with Linda so we are clear on what needs to be done. Thanks, Vicky

Hi, Vicky - The task #'s are #1830 for Soldier Canyon and #1883 for Dugout. After they are withdrawn, you will need to resubmit with the updated and correct information (with verification from the Secretary of the Corporation).

As a reminder, all of this information needs to be current and correct for the SITLA lease tract at Dugout for approval.

Any questions, please let me know. Thank you. Pam

Pam, there is no reason to fax the information. I have been working with Jolene and Larry Emerson concerning the changes. There is other information which is also changing and once I receive notification that Arch has completed the changes I will submit the information. Could you identify which submittals you want me to withdraw, I need their Task No's. For your records my new fax number is 636-2897 the other number is no longer a fax number. Thanks, Vicky
