Subject: Revisions to Surface Facility Map, Canyon Fuel Company, LLC, Dugout Canyon Mine, C/007/0039, Task ID# 2174, Outgoing File

Dear Mr. Sass:

The above-referenced amendment is approved effective April 13, 2005. A stamped incorporated copy is enclosed for your copy of the Mining and Reclamation Plan.

This application consisted of a single revision to PLATE 5-2, SURFACE FACILITIES. That revision is the addition of a material storage dock having dimensions of approximately 180 feet by ten feet. The modification to Plate 5-2, Surface Facilities, did not generate a need to post additional reclamation dollars (bond was updated July 27, 2004).

The Division's analysis of this minor amendment represents an insignificant change to the approved mining and reclamation plan. Therefore, an update of the Master Technical Analysis for the Dugout Canyon Mine is not necessary.

If you have any questions, please feel free to call me at (801) 538-5286.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor
