**Date:** 6/16/2006 10:49:39 AM  
**Subject:** RE: 1st Quarter Water Monitoring

Vicky,

I have uploaded the remaining information for Dugout from the pipeline into the permanent database. A report is attached.

It seems like you have included all required samples and parameters for Soldier Canyon, Dugout Canyon, and Banning Siding for the first quarter of 2006. This will be verified by the assigned hydrologists, you may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.  
Senior Reclamation Hydrologist  
Utah Division of Oil, Gas, and Mining

The UPDES data for Dugout should now be in the pipeline. Please load the files into the database. Thanks, Vicky

Vicky,

I have uploaded all of the information for Dugout Canyon, Soldier Canyon, and Banning Siding from the pipeline into the database. A report is attached.

You are correct, that according to parameters set by the assigned hydrologists, you should only be missing some UPDES data at Dugout.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.

Please load the files in the pipeline into the UDOGM database. Except for DMRS for Dugout the remainder of the information should be in the files and ready to be uploaded. Thank you for your assistance. Vicky
