Subject: FYI, no memo for Task 2720

Hello Pam,

The information provided in Task 2720 is the same as that in Task 2721 which I reviewed recently. In the approval letter for Task 2721 (dated Feb. 13, 2007), the Division commented on the one refuse sample analysis included with the G11 - G14 degas well topsoil samples. I have no further comment on the refuse sample. Please send this note to file in lieu of a memo for task 2720.

Priscilla.
